“*From an initial phone call to instruct you on Monday of this week, we have just signed and returned the Tenancy Agreement. All done in a working week! It is confidence building to know the development is in high demand and you are turning that into successful rentals.*”

“ Thank you, thank you, thank you! To you and your staff for all the effort and work you guys have put in over the last 3 years in looking after our people in their search for homes in central London.

It was great to work with a lettings-only company who were able to help all our, often demanding, people. I accept that at times our demands are unrealistic, but appreciate your guidance and advice so that expectations can be dealt with. Thanks for all your help. ”

*Kate Hellier, HR Manager,

“ I was delighted with your recent performance in letting units at Beaufort Park and found your team both helpful and efficient – I would be very pleased to recommend your services to other landlords at our schemes and indeed, would hope that your frontline presence at Beaufort Park continues to enable you to build on your initial success for the benefit of all landlords and residents on our schemes. ”

“ I have lived in Hong Kong for a number of years and over that time, have accumulated a small London property portfolio. Given the time difference between Hong Kong and London, I used to find it difficult to receive an efficient/dedicated service from a number of the London agents I tried. A few years ago a friend referred me Benham & Reeves Lettings and I visited them here in Hong Kong. The service has been excellent to say the least. My properties are consistently let and management is far easier when you are dealing with one agent who can be contacted either locally or in London and who can efficiently attend several issues in one go. I would happily recommend them to anyone. ”

Mr A Kelly, Hong Kong Investor

An extensive international network.

From our international offices in Hong Kong, Singapore and Dubai, we take care of your London property, wherever you are. If you have ever had to deal with a UK agent from abroad, you will know how much simpler it is having an office local to you. There are no language problems and there is always someone to talk to in your own time zone.

With offices in Hong Kong, Singapore and Dubai, we are the only London-based lettings agent to have such a strong overseas network. Each overseas office has its own dedicated manager, experienced in the London property market. It gives us a greater understanding of the needs of our overseas clients and it provides a local contact for the efficient management of your UK property. And you receive the same high level of service as our UK clients.

LONDON'S LETTING AGENCY

Peace of mind.

Our property management team will handle everything. Run by a qualified solicitor, our property management department can handle all your needs, from collecting the monthly rent to organising repairs, advice on legal issues and keeping you up-to-date with legislation. And to make sure everything runs smoothly, we will assign you a dedicated property manager, who will take on responsibility for the day-to-day management of your property.

We use trusted tradesmen and contractors. We have long-standing relationships with the contractors we use for repairs and maintenance on your property. We know that they will carry out all work to a high standard and in line with current building regulations.

We ensure your property stays in good condition. With any property, a small problem like a leaking pipe can soon turn into a costly nightmare if it is not fixed quickly. So we always act immediately if a tenant informs us of a problem. And we also undertake regular inspections of your property to make sure everything is in order.

Maximising your investment.

We can help you with Tax and Accounting.

Our accounts centre is managed by a Chartered Accountant and offers a full range of financial management services. Our text messaging service will advise you as soon as a rental payment has been credited to your account. You will also have access to your own secure account online so you can view all your statements, at the click of a mouse.

We can provide you with tax related financial advice.

This will help you obtain the maximum benefit from your tax allowances and circumstances. Did you know, for example, that you can claim an allowance for wear and tear to a furnished property? We can even do your Tax Return for you if you are an overseas landlord.

“ I would highly recommend your management service to others as I have experienced a highly professional service, not just for letting the property but prior to letting when liaison with builders was required, furnishings were required and vacant property management was needed to ensure safety of the property. All your advice and support was timely and very professional which helped me to feel my property, and therefore my investment, was in good hands. ”
